

Great Tips for Brides Attending the Bridal Show

- **Pre-registration** is strongly recommended in order to be qualified for all our door prize drawings provided by participating wedding professionals.
- **If you had not pre-registered**, be prepared to wait in line to register. Be patient! This is well worth it. Print your name very clearly when registering.
- **Wear comfortable dress and shoes**, as you will be spending quality time with Vendors.
- **Wear our pre-designed "Bride-to-be" badge** with your name, provided at the registration table in order to receive special attention from the vendors.
- **Bring pre-printed self-adhesive address labels** if you have them. This will save you much time, and will allow you to sign up for anything you want very quickly.
- **Bring your checkbook** if you want to actually book any services, or hold dates with a deposit. Be sure to check on refund policies before giving any money, and read the contract, especially all small prints, carefully before signing.
- **Bring family members** for personal support, including your fiancé, mother, father, in-laws, and friends.
- **Personally meet all our professional Vendors**, this is a requirement in order to be eligible for drawing of all our fabulous door prizes.
- **Collect any information** you are interested in, take it home to look over again when you have some quiet time.
- Finally, **it would be nice if your fiancé attends with you**, and IF he is interested. About 30% do attend, so he won't be the only one there!
- **Join us for a very exciting afternoon of bridal fun, food and cake tasting.**
